RE: Proposed Amendments to April 14, 1994, revisions to Faculty Code,
Chapter 28, Adjudicative Proceedings for the Resolution of Differences.

As of noon, today, Friday, April 22, 1994, I have received three sets of proposed amendments and one proposed resolution pertaining to the April 14, 1994, revisions of Chapter 28 of the Faculty Code. These are attached in the following order:

1. Proposed amendments submitted by Professors Andrews, Aronson, Junker, Stewart and Vaughn.
2. Proposed amendments submitted by Professor Junker.
3. Proposed amendments submitted by Professor Ehreth.
4. Proposed resolution on a faculty legal defense fund submitted by Professor Andrews.

For your information, I have spoken today with Professor Vivian Wolf-Wilets, who suggested a number of possible amendments at our April 14 Senate meeting. She will not be able to attend the April 28 meeting, but she has seen the attached amendments and she has assured me that her concerns have been addressed by various alternatives drafted within these proposals.

I greatly appreciate the amount of time and thought invested in these proposals, and I hope you will take the time to consider them carefully before the
